

SURVEY TECHNICIAN

Develop your skills, advance your career, and grow with our firm. Our Columbus, Ohio office is seeking a full-time Survey Technician to join our field services team.

Who We Are:

Carpenter Marty Transportation is a multidisciplinary design firm specializing in roadway, bridge, traffic, survey, and architecture services. Our goal is to lead the industry by delivering value-added solutions that make our clients' work easier and more successful, while fulfilling our mission to bring about a better built environment. Our success is driven by employees who strive for excellence and are guided by clearly defined core values. We have office locations in Columbus and Cincinnati, Ohio, Charleston, West Virginia, and Nashville, Tennessee.

Day in the Life:

Join our team and make a tangible impact in our region! As a crucial member of our team, you will perform field survey data collection. Responsibilities may include preparation of survey basemapping, utility coordination, and other work associated with the collection and analysis of field data. Coordination with team members, utility providers, property owners, clients, and other government agencies will be required. The position will require daily travel to project site locations in company vehicles and may require extended overnight travel. Fieldwork will occur in all seasons of the year, cold and wet weather included.

Our collaborative, open office environment allows you to work with colleagues across multiple disciplines to provide the highest quality plans, studies, and customer service. Our survey team participates in a range of existing conditions data collection, which is necessary to provide accurate and complete information utilized by our project designers on each project. We utilize the most current technologies, including LiDAR, GPS, robotic total stations, and drone/UAS surveying.

Qualifications:

- Valid state issued driver's license and appropriate insurance
- Strong background in mathematics
- Ability to comfortably jump between concurrent tasks
- Thrive in a team environment
- Self-motivated, goal-oriented
- Ability to transfer equipment weighing up to 50 pounds, either assisted or unassisted
- Understanding of professional and ethical responsibilities
- Desire to learn, attend trainings, and keep informed on the latest survey technologies

Salary Range: \$54,000-\$62,000

Benefits:

- Competitive pay
- Bonus program
- Retirement plan
- Employee Stock Ownership Plan (ESOP)
- Flexible schedule
- Paid time off and holidays
- Health savings account
- Paid parental leave
- Medical, dental, vision, life, and disability insurance
- Paid professional development, organizational membership, and exams
- Regular team building activities
- Open, collaborative offices
- Section 125/Dependent Care Assistance
